KIPP Nightly Newscast

Directions: Today, you are the producers of a new nightly newscast that will air on Bulldog Media. This newscast will be aimed at attracting and informing KIPP high school students like yourself. Over the next 15-20 minutes, in groups, you will look through the NY Times and search online to come up with the 4 top stories of the day based on what is important, interesting, unusual, and timely for your age demographic. You will then present your stories to the class as if you were newscasters. Your grade will be based on how well you're able to explain your 4 stories and why each is interesting, important, unusual and/or timely for your audience.

Story #1 (what is the story and what is it about):

Reasoning (why is it interesting, important, unusual and/or timely for your audience):
